Address: 1 chome, Kaigan-dori, Naka-ku, Yokohama, Kanagawa Prefecture 231-0002, Japan
<http://www.zounohana.com/>

- Please select your preferred exhibition area from A to D zone.
- The installation location will be confirmed after the meeting with the office. Exhibitors may be asked to change the plan due to the security reasons, laws, or other circumstances such as facility management.
- The work needs to be the one that is able to stand on its own or with weights. The applicants(exhibitors) cannot set up the base of anchors at the existing facilities such as bars, columns and panel lights, neither on the paved surface or ground. The work must not deface or damage the facility. If any damages are caused to the public property, the exhibitors will be required to restore to the original state.
- The work needs to be prepare for the outdoor site, and to be considered thoroughly or waterproof, prevention from electric leakage and strong wind. For the operational nature if it might be dangerous, the office will ask the exhibitors to consider the immediate solution.
